

ENDEAVOUR

Rinse Aid

ENDEAVOUR RINSE AID breaks the surface tension of water droplets, leaving cleaned articles streak free, eliminating the need for manual drying.

For best results we recommend use in combination with ENDEAVOUR MACHINE DISHWASHING DETERGENT.

How to Use

ENDEAVOUR RINSE AID is designed to be applied in the rinse cycle of Automatic Warewashing Machines through rinse injectors.

Apply ENDEAVOUR RINSE AID through standardised automatic rinse additive meter, to ensure the correct quantity is injected into the machine in the rinse cycle

For Domestic Dishwashing machines ENDEAVOUR RINSE AID can be manually added to the Rinse Aid Reservoir.

Features	Advantages	Benefits
Inexpensive	Economical	Improved cost management
Fast acting	Enhanced efficiency	Improved productivity
Free Rinsing	Ensures no spots or streak	No re-washing

Specifications

Appearance	Blue liquid
Odour	Solvent
Hard Water Tolerance	Excellent
Rinsability	Complete
Flammability	Non-flammable
