

Shore Det

Liquid Laundry Detergent with Brighteners

SHORE DET is a concentrated liquid detergent formula supporting safe and efficient fabric laundering. SHORE DET contains optical brighteners that ensure your whites and colours look their best.

SHORE DET is instantly soluble so there is no lumping or dye stripping on delicate fabrics and allows for a speedy wash cycle.

How to Use

Best results are gained when used as part of the Shore Laundry Range and dispensed with Automatic Electronic Dispensing Equipment.

Use between 2-5mls of SHORE DET per kilo of laundry in wash load. The quantities may need to be increased if laundry is heavily soiled or in areas where the water is exceptionally hard.

Features	Advantages	Benefits
Concentrated	High Dilution Rates	Economical
Fresh Floral Fragrance	Leaves skin smelling clean	Imparts freshness
